AN EMPTY APPOINTMENT BOOK . . .

because you're sick or hurt and can't work.

Even for a short time, an empty appointment book will mean some financial loss. But if disability stretches into months, perhaps years, then you can well realize what this could mean to your practice, your savings and your investment program. Many professional men in North Carolina have relied on Mutual of Omaha's INCOME PROTECTION PLAN to help prevent this kind of situation from ever happening. It's best cost coverage that provides generous monthly cash benefits (in the amount

you select) when you're laid up by illness or injury. These cash payments are "tax free" to spend any way you decide to help meet your family's regular living expenses . . . to help keep your nurse on the payroll . . . even to help pay medical bills. Get in touch with your local Mutual of Omaha representative today . . . or send the coupon below for complete free details and low cost on this program of personal protection for professional men.

"COCA-COLA" AND "COKE" ARE REGISTERED TRADE-MARKS WHICH IDENTIFY ONLY THE PRODUCT OF THE COCA-COLA COMPANY.

THIS IS NEWS . . . BUT NOT REALLY

An increase of over \$3,500,000 in our dividend scale for 1966 . . . an increased interest rate on funds left with the company . . . extended benefits and privileges to existing policyholders . . . an exciting new policy . . .

These specifics are news, and fine news for our present and prospective policyholders alike.

Yet this sort of announcement is old hat. New England Life has raised its dividend scale, wholly or partially, in 11 of the past 13 years. Interest rate increases have long kept pace with the nation's economic health and the making retroactive of new benefits and privileges is a habit as old as the oldest mutual life insurance company in America—New England Life.

Committees and Organizations

Schedule of Committee and Commission Appointments—1966-67

NOTE: The Committees listed herein have been authorized by President Frank W. Jones, M.D., and/or are required under the Constitution and By-Laws.

Particular note should be taken of the authorization of the House of Delegates of a Commission form of organizational activity and that all Committees, excepting Committee on Nominations, Committee on Negotiations, and Mediation Committee, are segregated under the respective Commission in which the function of the committee logically rests. This will tend to eliminate overlapping and duplication in activity programs and result in coordination of the work of the Society in a manner to lessen the work of the delegates in the Annual Meeting of the House of Delegates.

(The President, Secretary and Executive Director of the Society are ex-officio members of all committees and, along with the Commission Chairman, should receive notice of meetings, agenda and minutes of Committee meetings during the activity year.)

IF you are a physician, dentist, hospital administrator or clinic manager—

AND if you find yourself over-burdened with credit and collection problems—

THEN you're ready for a professional consultation. Whether you were trained to treat patients, run a hospital or manage a clinic, regular consultations with specialists in fields other than your own are probably a part of your routine.

If you haven't already done so, the professionally-trained specialist you should consult is your local Medical Credits representative. For his name and address, write:

Our kids deserve a better break

There's the cola break.

The after-school break.

The snack during the TV-break.

Bite-by-bite it adds up to extra weight for a lot of our young people.

Extra weight they don't need, and won't lose. (Eating habits are hard to break.)

As a professional you can help by recommending long-range weight control through sensible eating habits and nourishing foods. It's not likely to create new habits overnight, but it is a beginning.

Naturally, balanced diets and nourishing, palatable dairy foods go together. They always have.

Project Weight Watch has been initiated to assist you. Its scope is nationwide, its purpose is to focus professional attention on the problem.

To help you translate your concern to your patients, a portfolio of materials is available. Send for it.

As adults, we've been battling the bulge for years.

Our kids deserve a better break.

Fifty Year Club

The House of Delegates of the Medical Society of the State of North Carolina in May of 1953, authorized the Executive Council of the Society to establish a special recognition for those physicians residing in the State of North Carolina who were members currently of the State Medical Society, who had established legal practice of medicine and who had actively practiced medicine during their life time for a period of fifty years.

Listed below in alphabetical order are the names and addresses of those physicians residing in North Carolina, whom the Medical Society of the State of North Carolina has recognized as members of the FIFTY YEAR CLUB of the State Medical Society. This list will be added to from year to year and likewise subtracted from as losses to this club group are sustained and reckoned.

This listing for 1965 may include Fifty Year Club members who have passed away since their recognition. The list will include only those members surviving during the year of the list and those added for that year.

Why do more North Carolina Doctors insure with The St. Paul?

Probably because our Professional Liability coverage
is so thorough.

Really broad coverage. Fewer exclusions, so
interpretations are no problem. The price is
likely to be nice, too.

To get the folder that tells all about it concisely, write.

The St. Paul is the approved carrier for the State
Medical Association here...and in more states than
any other single insurance company. It must
be something we offer!

*Want to see just 1 insurance
man and still be fully insured?
Use our St. Paul Multicover
Plan. Same agent as for Lia-
bility. He's in the Yellow Pages.*

If you haven't had a cigarette in at least a year, it'll cost you less to buy new life insurance from us. We think people who don't smoke cigarettes (pipes and cigars are OK) are better risks, so we give them better rates. (State Mutual is the first major life insurance company to do this.) For all the details, call us or send us this coupon.

BLUE SHIELD provides more benefits per member dollar

Last year Blue Shield members, nationally, got back 91¢ in medical care for every dollar paid in. Over a billion dollars

\$1.1 billion to be exact — was paid out on behalf of 51 million Americans. Blue Shield can pay more benefit dollars because *nobody* in the voluntary medical care prepayment field has lower operating expenses.

The remarkable benefit which Blue Shield can offer its members confirms the foresight of the doctors who originated this unique health care program. Through your continuing cooperation, Blue Shield remains the best basic value for your patients.
